

COMMITTED TO
EXCELLENCE

Kirby Building Systems Exhibits in Ethiopia

Ethio-Con 2016

Kirby Building Systems participated in 13th International Building materials and Construction Technology exhibition from 21st to 25th September 2016, in Addis Ababa - Ethiopia.

The Exhibition was opened by a speech from ministry of Construction CEO Dr Ambachew Mekonen and Ethiopian Contractors Association CEO Eng. Abera Bekele. There were more than 20,000 attendees who visited the exhibition over the period of 5 days,

The exhibition presented an excellent platform to showcase Kirby's expertise in Pre-Engineered Steel Buildings. Kirby welcomed various visitors from all segments of the construction industry at its stand during the exhibition, which included existing and potential customers. It also provided the Kirby team with excellent opportunities to meet with key industry role players and speak to them about the company's capabilities in the metal building industry in general, and specifically in the Pre-Engineered Steel Buildings.

Kirby Building Systems has been manufacturing steel buildings and supplying them in the Middle East and Africa for over 40 years. Kirby is among the world's largest manufacturers of Pre-Engineered Steel Buildings and have been supplying steel structures across the globe.

Kirby actively participates in industry events, conducts customer seminars, and meets customers to increase awareness of its renovated value proposition, and to market initiatives in order to drive business volumes. Kirby will continue to utilize all such opportunities to strengthen its industry relationships and reach out to its customers.

Kirby sales person attending to the requirements of visitors.
