

COMMITTED TO
EXCELLENCE

Kirby Exhibits at the Kuwait Industries Union Expo 2016

Kuwait Industries Union Expo 2016

Kirby participated in the Kuwait Industries Union Exhibition held at the Sheraton Hotel in Kuwait from 9th to 11th October 2016. As an active member of the KIU, Kirby participated in the exhibition to show their contribution to Kuwait Industrial sector by exhibiting various projects executed by them in Kuwait across various sectors.

The Exhibition was opened by Her Excellency Mrs. Hind Subaih Barrak Al-Subaih, Minister of Social Affairs and Labour and Minister of State for Planning and Development Affairs.

The exhibition presented an excellent platform to showcase Kirby's expertise in Pre-Engineered Steel Buildings. Kirby welcomed various visitors from all segments of the construction industry at its stand during the exhibition, which included existing and potential customers. It also provided the team with excellent opportunities to meet with key industry role players and speak to them about the capabilities in metal building industry, and specifically in the Pre-Engineered Steel Buildings.

Kirby actively participates in industry events, conducts training sessions, and meets customers to increase awareness of its renovated value proposition, and to market initiatives in order to drive business volumes.
